Soilmec Gulf FZCO (SMG) is the sole agent for **Soilmec S.p.A (Italy)** and **Drillmec S.p.A** in the Middle East and Africa. Both companies are part of the **TREVI GROUP**, a global leader in ground engineering. Through strong management and steady expansion, has grown to become one of the largest and most experienced organisations in international ground engineering, covering all of the major foundation technologies with a diverse variety of models, characteristics, capabilities, and performance.

SMG, together with its broad network (**El Didi Group**), has the resources, knowledge, and capability to undertake and execute any project in response to the client's requirements for foundations, drilling rigs, and water and oil wells. It is currently very competitive and has extensive experience in the construction industry till date.

SMG was established on **25th October 2003** and it is situated in Jebel Ali Free Zone, Dubai United Arab Emirates. This branch caters our clients all over The Gulf Cooperation Council (GCC).

TURNKEY SOLUTION PROVIDER

Our technical and maintenance team are available 24/7

VISION

“To pioneer in providing effective solutions and after sales services in the loading foundation and construction machinery sectors”.

SMG service personnel has extensive repair expertise thanks to highly competitive engineers and technicians who are fully qualified to solve any type of site problem in the shortest amount of time. Service personnel can provide a complete task description and technical estimate for any operation that is necessary. Regional hubs ensure that we have the necessary equipment and personnel to reach all customers' locations swiftly and efficiently.

We service and maintain all types of machines under the Group's supply scope because we have workshops and spare parts available in Jebel Ali Free Zone, Dubai-UAE, Fujairah Free Zone, Fujairah-UAE, and Attaka Free Zone, Suez, Egypt. El Didi Group's network allows it to provide technical support to customers, as well as sales and after-sales service for all relevant products. The quality of the end product and the safety of all concerned are of the utmost importance in meeting the specified requirements of our clients.

MISSION & VALUES

“Through supplying high quality equipment, partnering with world leader companies and expanding worldwide, we ensure our clients' satisfaction”.
